

# 5 R's of Note Taking

**Record** During the lecture,  
record meaningful facts and ideas.

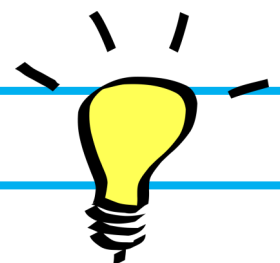

**Reduce** As soon as possible,  
review and summarize your notes.

**Recite** Using only key words,  
recite as much information as you can.

**Reflect** Think about what you  
are learning and make key connections.

**Review** Review your notes  
For 10 minutes after each class.
