Our Mission

Our mission is to serve all Missouri S&T students as a campus resource that will provide high quality customer service, effective information, and support as students persist in their journey towards their educational goals.

Our Coaches

The Student Success Center is staffed by students who want to help their peers succeed both academically and personally while at Missouri S&T. Students can set up appointments to meet with a Success Coach to get help with all things pertaining to academic success. They are students who, just like their peers, can relate to the struggles faced during college.

Coaches can hold sessions focused on one area of interest, such as time management, study skills, or motivation. They can also hold accountability meetings to make sure students are staying on top of their work.

Our coaching staff is looking to add more members to the team! If you are interested in working in the Student Success Center, stop by for more information about the position and how to apply!

Study Tip of the Month

StudyBlue.com

StudyBlue allows you to make online flashcards you can access on your computer and phone. The online flashcards also remember what you get right and wrong, so you can spend precious hours on material you've not yet mastered!

“Have you ever seen the way the clouds love the mountains?”

- Toni Morrison

(Thanks George Holmes!)

MARK YOUR CALENDAR!

- April 17, 11:30-2pm—Rover Reveal
- April 18, 12-2pm—Solar House “Green” 5K Color Run/Walk
- April 23—Success Coach Applications due
- May 11-15—Finals Week
- Sept 25—Reconnection I
- Sept 30—Majors & Minors
- Oct 8—Sophomore Summit
- Oct 21—Reconnection II
Midterm Recovery

Undergraduate Advising and the B&MSSC hosted Midterm Recovery the evening of Wednesday, April 1, 2015. Students who were struggling with their classes received information about how to bounce back and raise their grades before the end of the semester. Students also had the opportunity to network with current Success Coaches and On-Track Mentors.

Topics covered included time management, organization, goal-setting, and self motivation. Students also learned effective study tips, how to avoid distractions, and about self affirmation.

Advice from the Coaches

“Talk to your professors. They want you to learn and will do their best to make sure you understand the material so long as you are putting in the effort.” - Cara

“Students at S&T learn and excel at different rates. Be happy with your own progression.” - Darian

“Never lose the motivation to learn something new.” - Juan

“College is a time for personal growth; don’t be afraid to put yourself into uncomfortable situations that will help you develop into the person you want to be.” - Mary

Faculty Spotlight

This month’s faculty spotlight is Dr. Scott Miller.

“What are some of the best habits of successful students?” — “Attendance and interactions in class.”

“What is one piece of advice you have for new students?” — “Demand to understand—don’t go to the next lecture with unanswered questions.”

“What is one thing you wish all students would do?” — “Challenge themselves. Those that push themselves out of their comfort zones and into new areas and experiences are the students that benefit most from their time in college.”
