Independent Tutor Classifieds
Burns & McDonnell Student Success Center

This list serves as a supplemental option to B&MSSC Tutoring. Due to lack of resources, the B&MSSC cannot meet the demand for private, one-on-one tutoring. Students seeking private tutors may use this as a reference for qualified tutors. Each tutor on this list has a verified 3.0 GPA or higher and an A in each course they tutor.

**Independent tutors DO NOT work for the university. This is a reference service ONLY, serving as a suggestion of students who have taken and passed classes. The B&MSSC is not responsible for scheduling or outcomes of tutoring sessions. Independent tutors have NOT been interviewed by the B&MSSC. The Student Success Center reminds all students to meet in public places and be aware of their surroundings."
Mark Compton
Junior | Electrical Engineering

$9.00 Per Hour

MATH 1214, 1215, 2222, 3304, EE 2100, 2120, PHYSICS 1135, 2135, COMP SCI 2210
